	<p>INHERENT RISKS; ASSUMPTION OF RISKS--I ACKNOWLEDGE THAT: Horseback riding is considered <i>rugged adventure recreational sport activity</i>, and that risks, conditions and dangers are inherent in horse/equine activities, regardless of all feasible safety measures which can be taken, and I agree to assume such risks. Risks include, without limitation, death, personal injury or damage or loss to property or persons on or around the animal; the unpredictability of a horse's reaction to sounds, sudden movement, unfamiliar objects, persons, or other animals; hazards, including, but not limited to, surface or subsurface conditions; a collision, encounter and/or confrontation with another horse or other animal, a person, object or vehicle; the potential of another equine activity participant to act in a negligent manner that may contribute to injury, harm, death or loss to the participant or to other persons, including, but not limited to, failing to maintain control over an equine and/or failing to act within the ability of the participant. Horses are generally 5 to 15 times larger, 20 to 40 times more powerful, and 3 to 4 times faster than a human. If a rider falls from a horse to the ground it will generally be at a distance of from 3'6" to 5'6", with the fall exacerbated by the momentum of the equine's movement, and the impact may result in injury to the rider. Horseback riding is an activity where a much smaller, weaker predator animal (human participant) tries to impose its will on another much larger, stronger prey animal with a mind of its own (equine) and each has a limited understanding of the other. If a horse is frightened or provoked, it may divert from its training and act according to its natural survival instincts which may include, but are not limited to, abruptly stopping short or changing directions, shifting its weight, bucking, rearing, kicking, biting or running from danger. Any or all of these may result in injury or death. In the event of an emergency, the participant understands that there may be delays in the Company's ability to call for, or the arrival of, County EMS vehicles and staff.</p>
	<p>WILDERNESS & NATURE HAZARDS; INSPECTION OF PREMISES. -- I/We acknowledge that the participant may be taking part in a "Wilderness Experience" that may be hazardous to people. I/We acknowledge that the meaning of Wilderness Experience is defined as "the pursuit of adventure type activity in a wild, rugged, and uncultivated area or region, such as in forest, hills, mountains, plains, beaches, wetlands, river, bay and/or sea", which would likely be uninhabited by people and inhabited by wild animals including, without limitation, mammals, alligators, sharks, snakes, reptiles, fish, birds, insects, and loose dogs which are not tame, may be savage and unpredictable in nature and also wandering at their will. I/we acknowledge that the Company is not responsible for acts, occurrences, or elements of nature that can scare a horse, cause it to fall, or react in some other unsafe way, and can cause death, injury or drowning to participant. Some examples are: thunder, lightning, rain, wind, water, wild and domestic animals, fish, birds, insects, reptiles, which may walk, run, or fly near, or bite or sting a horse or person; and irregular footing on out-of-door groomed or wild land or waters which is subject to constant change in condition according to weather, temperature, and natural and man-made changes in landscape. I also acknowledge that these are just some of the risks and I agree to assume these, as well as others not mentioned above. I am not relying on the Company to list all possible risks. The participant and parent or legal guardian have inspected the Company's premises and facilities, and are satisfied that all conditions are reasonably safe for this participant's intended purpose, usage and presence.</p>
	<p>RIDER RESPONSIBILITY -- I acknowledge that: Upon mounting a horse and taking up the reins, the rider is solely responsible for being in control of the horse. The rider's safety largely depends upon his/her ability to carry out simple instructions, and his/her ability to remain balanced aboard the moving animal. I agree that the rider shall be solely responsible for his/her own safety, and that of an unborn child if the rider is pregnant. This the Company advises pregnant women NOT to ride horses, unless permission is given under advice of her physician.</p>
	<p>CARRY-ON OBJECTS AND SHARP NOISES -- I acknowledge that: Riders must not carry loose items on rides which may fall, blow away, flap in the wind, bounce, dig into skin, or make sharp noises, possibly scaring a horse. Some examples are: cameras, keys, hats not securely fastened under chin, toys, purses, cell phones. Riders must not make short, loud noises such as screaming or yelling which may scare a horse and cause a horse to react in an unsafe way.</p>
	<p>SADDLES, GIRTHS - NATURAL LOOSENING -- I acknowledge that saddles girths (saddle fasteners around a horse's belly) may loosen during a ride. If a rider notices this he/she must alert the nearest guide or wrangler as quickly as possible so action can be taken to avoid slippage or saddle and a potential fall from the animal.</p>

	<p>MEDICAL INSURANCE -- Should emergency medical treatment be required, I agree that I and/or my own accident/medical insurance carrier (if carried) shall pay for ALL medical treatment and expenses; the Company shall have no liability for any such medical expenses or treatment. My insurance carrier is _____ (optional) and my policy # is _____ (optional).</p>
	<p>PROTECTIVE HEADGEAR (HELMET) -- I, for myself and on behalf of my child or legal ward, are hereby offered protective headgear (helmet) by the Company and do understand that the wearing of such headgear while mounting, riding, dismounting and otherwise being around horses may prevent or reduce severity of some head injuries, and may even prevent death happening as a result of a fall or other occurrence. I/we understand that Company-provided protective headgear may not fit perfectly for each rider's head, and that once provided, I/we will be responsible for securing the helmet on the rider's head at all times. Check Yes or No below to indicate your choice to wear, or not to wear, the Company-provided protective headgear:</p> <p>____ YES I/we request the Company to provide protective headgear for this participant. I/we will be solely responsible for fitting and securing the headgear on the participant's head.</p> <p>____ NO I/we refuse this participant to wear any type of protective headgear and/or will provide my/our own. I/we accept full responsibility for my/our safety in this decision.</p> <p>(NOTE: For any participant younger than 16 years of age, wearing protective headgear is mandatory under Florida State Law. Any rider younger than 16 years of age cannot opt-out of the requirement to wear a helmet.)</p>
	<p>LIABILITY RELEASE & INDEMNITY -- In consideration of the Company allowing my participation in this activity, I, the rider, and the parent or legal guardian thereof if a minor, do hereby release and discharge the Company, its owners, agents, employees, contractors, subcontractors, officers, directors, representatives, assigns, landlords, insurers, and affiliated organizations (collectively, "Associates") from any and all liability due to the Company's and or its Associates' actions, inactions or status as owner or operator of the business, the horses, and/or the premises and facilities, excepting only any liability due to gross negligence or intentional actions. I agree to bring no claims, demands, suits, actions, or litigation against the Company and/or its Associates for any economic or non-economic losses due to bodily injury, death, property damage, or other losses sustained by me and/or my minor child or legal ward in relation to the premises and operations of the Company or its Associates, to include while riding, handling, or otherwise being near horses or equines. The participant and his/her parents or legal guardians agree to indemnify the Company and its Associates, and to hold them harmless, from and against any and all costs, expenses, damages, and losses (including legal fees and court costs) sustained or incurred by the Company or any Associates, on account of (i) damage to property arising out of, or in consequence of, the participant's use of the premises or any improvements thereon, equipment, horses or other property supplied to, by or made available to participant or to his or her family, guests or employees, and/or (ii) any actions or inactions taken by the Company or any Associates in trying to administer basic life support or medical care prior to the arrival of County EMS staff.</p>
	<p>EQUINE ACTIVITY LIABILITY ACT (EALA) WARNING OR LANGUAGE -- I acknowledge that I have reviewed Florida's Equine Activity Liability Act Warning, a copy of which is posted on the premises. Warning: Under Florida law, an equine activity sponsor or equine professional is not liable for an injury to, or the death of, a participant in equine activities resulting from the inherent risks of equine activities.</p>
	<p>Artist Release --I/WE hereby give the Company permission to use (display, reproduce, duplicate, distribute, license, sell, publish, etc.) the photograph(s) and video/audio recordings made of me for all purposes, including advertising and trade.</p>
